Meru Accounting is our official partner for Bookkeeping, accounting and tax advisory and Tax filing preparation.

## The Outcome

Describe their project management. Did they deliver items on time? How did they respond to your needs?

They always delivered on time. They have always responded to my needs as well as suggested me alternative ways to do things. They are an absolutely great team.

What did you find most impressive or unique about this company?

Deep knowledge on Accounting and tax. They always deliver on time. Very cost effective. The human touch and customer service is superb (they always answer emails and requests in less than 24h)

Are there any areas for improvement or something Meru Accounting could have done differently?

None that I see now.
